EDUCATION

Coding Bootcamp Graduate - Le Wagon, 2022. Self-taught developer since 2020.

FINTECH EXPERIENCE

2 years at Stripe - Developer Relations. Built payment integration demos for 50+ fintech startups. Deep knowledge of payment APIs, PCI compliance, and fraud prevention.

TECHNICAL SKILLS

Python, TypeScript, React, Next.js, FastAPI, Stripe API, Plaid API. Strong in REST API design and webhook systems.

SOFT SKILLS & ADAPTABILITY

Excellent under pressure - handled live demos at conferences. Quick learner - mastered 3 new frameworks in 6 months. Great team player, mentored 10+ bootcamp students.

AI-NATIVE DEVELOPMENT

Uses Cursor AI for all development. Built AI-powered invoice parser using GPT-4 Vision. Created vibe-coded prototypes that became production features. Expertise in prompt engineering for code generation.
